

Work is in full swing at Bahrain Marina
Bahrain Marina Development Company Board Members Visit Site for Project Progress

Manama, Bahrain 15 October 2017: Led by Chairman Mr. Abdulrahman Yusuf bin Yusuf Fakhro, Board Members of Bahrain Marina Development Company went on a site visit to inspect the current progress of the project and discuss the next phase.

During the site visit, the engineering team briefed Board Members on the workflow of the project and current progress and achievements, highlighting that the progress of phase one is in accordance to the planned timeframe and on track for piling work by January 2018. In addition, they updated Board Members on the next phase of the project.

Phase one of the marine works includes enabling and marine-related works such as silt removal, earthworks, shore protection, quay walls and culvert crossing in preparation for the construction stage of the project.

Chairman of Bahrain Marina Development Company, Mr. Abdulrahman Yusuf bin Yusuf Fakhro commented, "We are very pleased with the progress made so far with the project. Bahrain Marina without a doubt will be a unique addition to the tourism infrastructure in the Kingdom of Bahrain, further developing and diversifying the economy."

Chief Executive Officer of Bahrain Marina Development Company Eng. Yazan Kamal Haddad added, "We are gratified with the progress of the first phase of the project, which is in line with the timeframe set forth. During the Marine works phase, Bahrain Marina Development Company in cooperation with the Supreme Council for Environment is committed in using eco-friendly materials and techniques in order to preserve marine life and achieve project sustainability," he further added.

'Bahrain Marina', dubbed as an iconic world-class facility, stretches along a pristine coastline in the heart of Manama and will be positioned as the Kingdom's prime lifestyle and leisure destination. Aiming for Phase I completion by 2020; the mix-use development will include a five-star lifestyle hotel, serviced and freehold apartments, waterfront villas along with a shopping district, fully-integrated family entertainment centre and a recreational waterfront space with dining and retail spaces. A yacht club will be built covering an impressive area with a marina capable of berthing a vast number of boats of different sizes.
